Delhi, India

Kendriya Vidyalaya Pitampura

2017 – 2018

CBSE - Class-X - **Percentage - 71.8%**

Delhi, India

COURSEWORK / SKILLS

- Data Structures & Algorithms
- OOPS
- SQL
- DBMS
- C++ Programming
- Bubble

WORK EXPERIENCE

Basyo

April 2024 – May 2024

Freelance Web Developer

Remote

- Built a Minimum Viable Product (MVP) using Bubble, a no-code platform, under tight deadlines.
- Led the entire product lifecycle from initial concept to deployment, making key design and functionality decisions.
- Managed client communications, gathering requirements, and providing regular updates to ensure project alignment with client expectations.
- Overcame technical challenges independently, delivering a fully functional MVP 2 weeks ahead of schedule.

NullClass

June 2023 – July 2023

Full Stack Web Development Project Intern

Remote

- Created a website enabling users to ask questions or provide answers to coding queries.
- Introduced a Chatbot feature to assist users with coding problems.
- Incorporated Stripe payment gateway for secure transactions.
- Set up subscription plans allowing users to be billed monthly or yearly according to their chosen plan.

PROJECTS

Saas AI Platform | Next.js 13, Tailwind, Stripe, TypeScript

August 2023

- Integrated Google signup and sign-in authentication using CLERK.
- Implemented interactive feature like AI chat, music, video, image generation using OpenAI API.

Google Docs Clone | MERN Stack, Websocket, Quilljs, MaterialUI

May 2023 – June 2023

- Developed collaborative document editing app using the MERN stack with real-time editing via WebSockets.
- Designed and implemented a rich text editor using React and Quill.js.

TECHNICAL SKILLS

Languages: C, C++, TypeScript, JavaScript, SQL,

Developer Tools: VS Code, Git, Bubble, Postman,

Technologies/Frameworks: MERN (MongoDb, ExpressJs, ReactJs, NodeJs), NextJs

EXTRACURRICULAR

Moksha'23

October 2022

Security Coordinator

NSUT

- Volunteered as a Security Coordinator at Moksha'23, effectively ensuring safety and preventing any disruptions or incidents during the event.

CERTIFICATIONS

- CodeKaze 2023
- IICC-Innovate India Coding Championship
